Dear Chris & Ping,

Thank you so much for a journey of a lifetime!! "The Best of China, Yangtze River Cruise, and Hong Kong" was such a wonderful experience for my group. My fellow travelers keep telling me that this trip was one in which they "got their money's worth and then some". Wow! That will make it easy when I mention to them another trip with ChinaPlus!

It was so easy to work with you on this trip from the very beginning. I appreciate your attention to details and the prompt response every time I emailed you with all my questions. Your power point presentation and special door prizes from China made the Presentation Party exciting.

Everything on the trip was spectacular... the deluxe hotels, choice of restaurants, meals, local guides, attractions, general itinerary. We enjoyed such generous hospitality. It was evident that ChinaPlus has a select group of special guides. They spoke excellent English and seemed to enjoy passing along their knowledge about their country. It was fun getting to know the guides from each area.

I know Chris worked so hard to see that everything went smoothly because it was the "perfect" trip. As a group leader I felt most relaxed knowing Chris was with us to handle any special needs we might have and as an "extra interpreter". Chris, I appreciate the times that you made special arrangements for us to do "extra" things such as getting us a taxi to the Silk Market in Beijing. You were always so willing to accommodate us in any way. Your presence was a positive addition on this trip.

This is truly a trip that we will never forget because you are a specialist. I fully agree that "ChinaPlus adds a PLUS to China". I look forward to our next adventure together. Feel free to use me as a reference. I will be glad to tell anyone that they should see China with ChinaPlus!

Sincerely,

Ann Snow
